

## INDEX TO VOLUME XXXIV

- Addison's disease with hypofunction of parathyroid glands, 498
- Adrenal cortex, surgery of, in children, 36
- haemorrhage, massive, in newborn, 178
- African children, tetanus in, 398
- Agammaglobulinaemia associated with pneumocystis pneumonia, 338
- Alimentary canal, enterogenous cysts and congenital diverticula of, 189
- Amino-aciduria in liver disease, 188
- Anaemia, acute haemolytic, following ingestion of para-dichlorobenzene, 74
- and kwashiorkor, 357
- , neonatal, foetomaternal transfusion as a cause of, 471
- ANDERSON, C., *see* GANDEVIA, B., and ANDERSON, C.
- ANDERSON, G. S. Congenital goitre due to potassium chlorate, 189
- Aneurysm, congenital, of coronary artery, 8
- Aortic rings, 35
- AREY, J. B., and DI GEORGE, A. Gonadal dysgenesis in infants and children, 189
- ARNEIL, G. C. Nephrosis in the early months of life, 357
- Arteriolar disease, general, sudden death in asthmatic boy on prednisone therapy, associated with, 189
- Arthrogryposis multiplex congenita with lesions in nervous system, 505
- Asthmatic boy on prednisone therapy, sudden death in, associated with general arteriolar disease, 189
- Atresia, oesophageal, complications after operation for, 24
- B**
- BAIN, A. D., and BARRETT, H. S. Congenital bowing of the long bones: report of a case, 516
- BARRETT, H. S., *see* BAIN, A. D., and BARRETT, H. S.
- BASU, R. Perforation of the bowel in Henoch-Schönlein purpura, 342
- BECKER, W., *see* MCKENZIE, D., HANSEN, J. D. L., and BECKER, W.
- BENSON, P. F. A case of calcification of the basal ganglia with osteoporosis and other abnormalities, 120
- BERG, J. M. Neurological sequelae of pertussis with particular reference to mental defect, 322
- BIRCH, L. B., *see* ILLINGWORTH, R. S., and BIRCH, L. B.
- Birth trauma to vertebral arteries, 436
- BLACK, J.: Renal tubular damage in infantile gastroenteritis, 158
- Blood transfusion, extended exchange, in pre-hydrotic infants, 174
- , foetomaternal, as a cause of neonatal anaemia, 471
- BLOXSON, A.: The electrical conductivity of electrolytes found in the sweat of patients with fibrocystic disease of the pancreas, 420
- Bone lesions of urticaria pigmentosa in childhood, 205
- Bones, long, congenital bowing of, 516
- BOOK REVIEWS: Advances in paediatrics, Vol. 10, 1958, 186; BOUDIN, G., and PEPIN, B.: Dégénérescence hépato-lenticulaire, 1959, 456; BRUGSCH, J., and BROCKMANN-ROHNE, K.: Untersuchungen zur klinischen Problematik der progressiven Muskeldystrophie, 1958, 360; CHAO, D. H.-C., *et al.*: Convulsive disorders of children, 1958, 360; Ciba Foundation Colloquia on Ageing, Vol. 4, 1958, 98; COIRHAULT, R., *et al.*: Le syndrome de Guillain-Barré, 1958, 360; COLLIS, W. R. F., *ed.*: Neonatal paediatrics, 1958, 185; DEBRÉ, R., and DOUMIC, A.: Le sommeil de l'enfant, 1959, 456; DUPIN, H.: Étude des carences protidiques observées chez l'enfant en pays tropical, 1958, 184; Ergebnisse der Bluttransfusionsforschung, Vol. 4, 1959, 359; FRANÇOIS, J.: L'hérédité en ophtalmologie, 1958, 279; GAIRDNER, D.: Recent advances in paediatrics, 2nd ed., 1958, 184; GAISFORD, W., and LIGHTWOOD, R.: Paediatrics for the practitioner—Supplement, 1958, 185; GLANZMANN, E.: Einführung in die Kinderheilkunde, 4th ed., 1958, 99; HARDY, J. B., and BRAILEY, M. E.: Tuberculosis in white and negro children, 2 vols., 1958, 183; HSIA, D. Y.-Y.: Inborn errors of metabolism, 540; ILLINGWORTH, R. S., *ed.*: Recent advances in cerebral palsy, 1959, 541; JESSERER, H.: Tetanie, 1958, 186; KEMP, W. N.: Status thymico-lymphaticus, 1959, 542; KLEIN, M.: La psychoanalyse des enfants, 1959, 456; LAUNAY, C., and DUCHE, D. F.: Neurological and psychological deficits of asphyxia neonatorum, 1958, 359; WINNICOTT, D. W.: Collected papers, 1958, 359; WOLF, H. G.: Röntgen-diagnostik beim Neugeborenen und Säugling, 1959, 458
- Bowel perforation in Henoch-Schönlein purpura, 342
- BOWER, B. D., and JEAUVONS, P. M.: The prognosis of infantile spasms, 357
- Bowing of long bones, congenital, 516
- Brain atrophy in microcephalic cousins, 325
- , calcification of basal ganglia with osteoporosis and other abnormalities, 120
- , defect in Chinese children, 231
- BRANDON, M. G. W., KIRMAN, B. H., and WILLIAMS, C. E.: Microcephaly in one of monozygous twins, 56
- British Association of Paediatric Surgeons, 5th annual meeting, 35
- Paediatric Association, 30th annual general meeting, proceedings, 354

- Bronchiectasis in children, multiple clinical and pathological aspects of, 192  
 Bronchodilator aerosol, effect of, on ventilatory capacity in fibrocystic disease of pancreas, 511  
 BROWN, N. J.: Neonatal hepatitis in twins, 187  
 BUCHANAN, M. C.: Sequestration of the lung, 137

## C

- Calcium-phosphorus metabolism, the 'Krebs cycle' and steroid metabolism, relationship between, 371  
 Calomel, effect of, on plasma epinephrine in rat and the relationship to mechanisms in Pink disease, 501  
 CAMPBELL, S., and MACAFEE, D. A. J.: A case of idiopathic pulmonary haemosiderosis with myocarditis, 218  
 Cardiovascular problems after birth, 281  
 CARRÉ, I. J.: The natural history of the partial thoracic stomach (hiatus hernia) in children, 344  
 Cerebral atrophy in microcephalic cousins, 325  
 — defect in Chinese children, 231  
 — palsy and mental retardation, congenital anomalies associated with, 228  
 Ceylon, incidence of rheumatic fever in, 247  
 CHEEK, D. B., and WU, F.: The effect of calomel on plasma epinephrine in the rat and the relationship to mechanisms in Pink disease, 501  
 Chest, funnel, effect on cardiac function, 5  
 CHITRE, R. G., *see* KULKARNI, B. S., *et al.*  
 Circulation changes after birth, 282  
 CLAYE, A. M., and CRAIG, W. S.: Pregnancy complicated by diabetes mellitus, 312  
 Coeliac diet, oats in, 51  
 Colitis, chronic ulcerative, in childhood, 257  
 CORLETT, K., *see* LIU, M. C., and CORLETT, K.  
 Coronary artery, congenital aneurysm of, 8  
 CRAIG, W. S., *see* CLAYE, A. M., and CRAIG, W. S.  
 CREVELD, S. VAN: Glycogen disease, 298  
 CUNNINGHAM, A. A.: Physiological jaundice, 262  
 Cysts, enterogenous, of alimentary canal, 189

## D

- DANCASTER, C. P., and JACKSON, W. P. U.: Familial vitamin D-resistant rickets, 383  
 DAWES, G. S.: Some respiratory and cardiovascular problems after birth, 281  
 DE SILVA, S.: Incidence of rheumatic fever in Ceylon, 247  
 Diabetes mellitus, pregnancy complicated by, 312  
 Diabetes, renal gluco-phospho-amino acid, with renal rickets, 376  
 Diabetic mother, baby of, 76, 358  
 DI GEORGE, A., *see* AREY, J. B., and DI GEORGE, A.  
 DICKSON, W., and WOODCOCK, R. C.: Visceral larva migrans, 63  
 Diplegic children, fertility of mothers of, and fate of their conceptions, 357  
 Diverticula, congenital, of alimentary canal, 189  
 DOUGLAS, D. M.: Spontaneous hyper-insulinism due to benign hyperplasia of islet cells, 171  
 DRILLIEN, C. M.: A longitudinal study of the growth and development of prematurely and maturely born children, Part III. Mental development, 37; Part IV. Morbidity, 210; Part V. Patterns of maternal care, 487  
 Ductus arteriosus, patent, surgical treatment during first year of life, 358  
 DUDGEON, J. A.: Virus aspects of hepatic disease in infancy, 188  
 DUTTON, G.: The physical development of mongols, 46  
 —: The size of mental defective boys, 331

## E

- EDWARDS, F. R.: Aortic rings, 35  
 Electrolytes found in sweat of patients with fibrocystic disease of pancreas, electrical conductivity of, 420  
 Encephalitis, varicella, 318  
 Epinephrine, plasma, effect of calomel on, in rat, and relationship to mechanisms in Pink disease, 501

## F

- FARQUHAR, J. W.: The child of the diabetic woman, 76  
 Foetus, female, masculinization of, with oestrogenic effect, 485  
 FORSHALL, W., *see* FORFAR, J. O., TOMPSETT, S. L., and FORSHALL, W.  
 FORSYTHE, W. I., MCKEOWN, E. F., and NEILL, D. W.: Three cases of Niemann Pick's disease in children, 406  
 FOWLER, M.: A case of arthrogryposis multiplex congenita with lesions in nervous system, 505  
 FRANCE, N. E.: Lung changes in cystic fibrosis of the pancreas, 188  
 FYFE, W. M.: Treatment of tuberculous meningitis, 334

## G

- Galactosaemia, congenital, treatment of, 307  
 GANDEVIA, B., and ANDERSON, C.: The effect of a bronchodilator aerosol on ventilatory capacity in fibrocystic disease of the pancreas, 511  
 Ganglia, basal, calcification of, with osteoporosis and other abnormalities, 120  
 GANS, B.: The pupillary membrane in premature infants, 292  
 Gastro-enteritis, infantile, renal tubular damage in, 158  
 GEARTY, G.: A review of 25 cases of patent ductus arteriosus diagnosed and treated surgically during the first year of life, 358  
 GELLMAN, V.: Congenital hydrocephalus in monovular twins, 274  
 GIBBS, I. E., *see* OPPÉ, T. E., and GIBBS, I. E.  
 Giggling, micturition induced by, 358  
 Glycogen disease, 298  
 Glycosuria, diagnostic importance of, in lead poisoning in childhood, 70  
 Goitre, congenital, due to potassium chlorate, 189  
 Gonads, dysgenesis of, in infants and children, 189  
 GOODLIN, R., *see* KRIVIT, W., *et al.*  
 GORDON, R. R., *see* O'NEILL, E. M., and GORDON, R. R.  
 GRIEVE, J.: Subhyoid median ectopic thyroid, 18  
 GROB, M., and KOLB, E.: Congenital aneurysm of the coronary artery, 8

## H

- HAAS, L., *see* ROXBURGH, R. C., and HAAS, L.  
 Haemosiderosis, pulmonary, idiopathic, with myocarditis, 218  
 HALLOWELL, M.: Acute haemolytic anaemia following ingestion of para-dichlorobenzene, 74  
 HANSEN, J. D. L., *see* MCKENZIE, D., HANSEN, J. D. L., and BECKER, W.  
 HART-MERCER, J.: Sudden death in an asthmatic boy on prednisone therapy, 189  
 HEADY, J. A., *see* MORRISON, S. L., HEADY, J. A., and MORRIS, J. N.  
 Heart block, congenital, 223  
 — defects, congenital, in mongolism, 410  
 — disease, congenital, surgical treatment of, analysis of results of, 358  
 — function, effect of funnel chest on, 5  
 —, systolic murmurs in children, 131

Henoch-Schönlein purpura, perforation of bowel in, 342  
 Hepatic duct, rupture of, in newborn infant, 277  
 Hepatitis, neonatal, in twins, 187  
 HEPPLESTON, J. D., PEARCE, K. M., and YATES, P. O.: Varicella encephalitis, 318  
 Hernia, hiatus, in children, natural history of, 344  
 —, inguinal, incidence of, in Newcastle children, 482  
 Herpes simplex virus infection, dissemination in association with malnutrition, 250  
 HEYMANN, G., *see* MAINZER, W., PINCOVICI, R., and HEYMANN, G.  
 HILL, E. E., and WILLIAMS, J. A.: Massive adrenal haemorrhage in the newborn, 178  
 Hip, dislocation, congenital paralytic, 36  
 HOWARD, R.: Funnel chest: its effect on cardiac function, 5  
 HURWITT, E. S.: The surgical importance of a persistent left superior vena cava, 1  
 Hydranencephaly and allied disorders, 231  
 Hydrocephalus, congenital, in monovular twins, 274  
 5-Hydroxyindole metabolism, decreased, and mental defect, relationship between, in phenylketonuria, 422  
 Hypercalcaemia, idiopathic, of infancy, biochemical studies, 525  
 Hyperinsulinism, spontaneous, due to benign hyperplasia of islet cells, 171  
 Hyperparathyroidism and steatorrhoea, syndrome of, 302  
 Hypoglycaemia, idiopathic infantile, 166

I

Ileum, terminal, duplication of, intestinal obstruction in case of, 480  
 ILLINGWORTH, R. S.: Congenital anomalies associated with cerebral palsy and mental retardation, 228  
 —, and BIRCH, L. B.: The diagnosis of mental retardation in infancy, 269  
 Indian newborn infants, electrophoretic studies of serum protein patterns in, 392  
 Infants, newborn, anaemia in, foetomaternal transfusion as a cause of, 471  
 —, —, hepatitis in twin, 187  
 —, —, Indian, electrophoretic studies of serum protein patterns in, 392  
 —, —, liver disease of, serum lipoprotein electrophoresis patterns in, 187  
 —, —, — function tests in, 187  
 —, —, maintenance of stability in, 1. Chemical exchange, 361; 2. Thermal balance, 459  
 —, —, massive adrenal haemorrhage in, 178  
 —, —, pre-hydrotic, extended exchange transfusion in, 174  
 —, —, problems of, 35  
 —, —, respiratory and cardiovascular problems in, 281  
 —, —, rupture of hepatic duct in, 277  
 —, —, — of liver in, 30  
 —, —, premature, maternal care of, in Scotland, 487  
 —, —, mental development of, 37  
 —, —, morbidity of, 210  
 —, —, pupillary membrane in, 292  
 —, —, sulphobromophthalein excretion in, 125  
 INGRAM, T. T. S.: A description and classification of the common disorders of speech in children, 444  
 —: The fertility of mothers of diplegic children and the fate of their conceptions, 357  
 Intestinal obstruction, acute, due to mesenteric lymphangioma, 442  
 —, in case of duplication of terminal ileum, 480  
 Islet cells, benign hyperplasia of, spontaneous hyperinsulinism due to, 171

Isoniazid, acute pellagra in child under treatment with, 68  
 — in treatment of tuberculous peripheral lymphadenitis, 36

J
